OKLAHOMA BULLETIN NO. OK230-4-5

SUBJECT: EOP - Selection of New Program Managers for the Oklahoma Civil Rights Advisory Committee

Purpose: To inform employees of new program managers for committee

Expiration Date: September 30, 2004

The selection of two Special Emphasis Program Managers for the Oklahoma Civil Rights Advisory Committee has been made. They are as follows:

Becky Ross, District Conservationist, Oklahoma City, will assume the duties as the new Federal Women's Program Manager.

Floyd Hook, Soil Conservation Technician, Madill, will become the new Disability/Veteran's Program Manager.

There were excellent applicants for both of these positions and it was a difficult selection to make. I appreciate the effort many of you have made to become involved with this very active committee and in reviewing the high level of applicants; it must be obvious the CR Committee is accomplishing things within the state.

I also wish to extend thanks to those who are stepping down from serving in both of these positions. **Merrie Reeder** has been the D/VEPM and **Stacy Riley** served as the FWPM over the past two years. Thanks for your strong efforts within Oklahoma in these positions and the accomplishments you have made in bringing diversity matters to the attention of all NRCS employees in Oklahoma.

Thanks again to everyone who has been involved and to those who are now becoming involved with the Civil Rights Advisory Committee. Attached is the current list of the Oklahoma Civil Rights Advisory Committee for your use and information.

/s/ (Kevin D. Norton – Acting for)

M. DARREL DOMINICK
State Conservationist
